David Wells resigns as baseball head coach at Point Loma High

By SCOTT HOPKINS | THE BEACON

After four years at the helm, former Major League Baseball star David Wells has resigned as head coach of the Point Loma High baseball team.

Wells told PLHS athletic director Alex Van Heuven he needs more time

to devote to the many other pursuits and projects he is involved in, including his Perfect 33 foundation that provides funds for wounded American soldiers, education and youth sports.

During his four years, his teams compiled an overall record of 67-54, for a winning percentage of .554.,

winning Eastern League titles the past two seasons.

The Pointers home field at Dana Middle School underwent a \$2 million upgrade during Wells' tenure and now features a full artificial turf field and detailed scoreboard that makes it one of the county's top facilities.

The head coaching job has been posted by San Diego Unified School District, but interviews have not yet begun according to Van Heuven.

Wells has expressed interest in staying with the team as pitching coach.

Wells is a 1982 alumni of Point Loma High School.

The tale behind the mermaid's splash at Sunset Cliffs

Marina's gone, but not forgotten

By DAVE SCHWAB | THE BEACON

Why a mermaid?

The guys who placed the lifelike, blue-haired mannequin-turned-mermaid astride 50-foot-high Ross Rock thought she would fit right in with the mellow beach vibe of Ocean Beach and Sunset Cliffs.

"It just seemed appropriate with the culture of OB and being right there on Sunset Cliffs," said "Ray," a lifelong San Diegan and 18-year Obecian, who was among a group of friends responsible for Marina the mermaid's appearance. "That was what we landed on right away."

In actuality, Marina is just one of a long line of community "symbols" that have graced Ross Rock over the years, according to Ray, who requested anonymity.

"There have been a variety of things that have shown up on top of that rock," said Ray. "The first thing I remember was a big red crab. Then there was a tiki head, Easter Island-looking structure. Then a stained-glass peace sign, a double of which was made by the same artist, now at OB Hostel."

Why go through all that trouble to put Marina on the rock?

Marina the mermaid perched on Ross Rock at Sunset Cliffs on a sunny morning in early June.

THOMAS MELVILLE / PENINSULA BEACON

"It was kind of a project and something we knew would be unique to OB," answered Ray. "We just wanted to do it. We thought it would be a great summer thing for the community, and for OB. We never anticipated her getting as much attention as she did."

Ray credited his Arizona friend for

inventing the mermaid concept.

"He was the artist who built it over there in Arizona before bringing it back here," he said.

Ray and friends used a rope ladder on the afternoon of Memorial Day to get Marina to the top of Ross Rock, denying claims it came at the expense of the landform.

"No damage was done," Ray said. "We just used a rope ladder and there were spikes and things left over from other stuff that was put up there, that we just used to anchor her. It took us about 2 1/2 hours."

Their plan, said Ray, "was to leave her up there through July."

Ray said there was no particular

'We thought it would be a great summer thing for the community, and for Ocean Beach.'

'RAY'
OBECIAN WHO HELPED INSTALL MARINA

reason why Memorial Day was chosen to put Marina on Ross Rock other than "it was just one of those things where we were able to get everybody together to do it at that time."

Why take Marina down after July?

Said Ray: "We knew that the elements would take their toll on her over time. We just didn't want anything that was tacky up on the rock. We didn't want to just let it go to trash, and everybody start being negative about her being up on the rock. We might have kept her up there through July and into August, if the elements were kind to her. We weren't going to leave her up if she started looking bad."

But the plans of Ray and his friends were foiled by Marina's "hijackers." A group of locals, calling themselves the "Cliffs Crew," took credit for absconding with Marina on June 13. They carried her off without warning, claiming they feared for people climbing towering Ross Rock to take selfies with her.

City updates on the pipeline replacement project causing road closures in Midway

The Pacific Beach Pipeline South Replacement Project is replacing approximately 7.6 miles of water main and approximately 1.6 miles of sewer main in the Midway/Pacific Highway Corridor and Mission Bay areas. This project will help the City of San Diego improve service reliability, reduce maintenance needs and lessen the risk of future water main breaks.

What's happening

Construction has begun in the Midway area. This summer, crews are working to replace aging water and sewer pipelines on Midway Drive from Sports Arena Boulevard to Barnett Avenue. Work will occur at night at three different segments along Midway Drive. This work is anticipated to last until September. Then construction will move back to the Mission Bay area. Here are some project specifics:

- **Current Construction Area 1:** Construction is currently taking place along Midway Drive from Sports Arena Boulevard to Kemper Street. Crews have begun potholing to locate utilities, afterward, they

will begin installing a new 16-inch water main. There are no planned extended water outages during construction. Should the need for short service interruptions arise a separate public notice will be distributed to impacted properties.

- **Current Construction Area 2:** Construction is currently taking place along Midway Drive between East Drive and Riley Street. Crews have begun potholing to locate utilities, once complete, they will begin installing a new sewer main.

- **Upcoming Construction Area 3:** This summer, construction is anticipated to begin at the intersection of Rosecrans Boulevard and Midway Drive to install a new 16-inch water main. Work is expected to continue on Midway Drive in a southeastern direction for approximately 1,000 feet. There are no planned extended water outages during construction. Should the need for short service interruptions arise a separate public notice will be distributed to impacted properties.

Be advised that traffic control will be in place and may change. Traffic control along the Midway Drive construction corridor will shift north-

bound and southbound lanes to a single lane in each direction.

What to expect

Any work that requires water service shut-offs will occur with advanced notice to residents and stakeholders with the distribution of door hangers.

Always exercise caution near the work zone and note that:

- Speeds will be reduced in the construction area;

- Safety measures will be implemented to ensure bicyclists and pedestrians will be allowed access throughout the project;

- Access to homes, businesses and emergency vehicles will be maintained at all times; and

- Road closures, detours and restricted access may be implemented during working hours.

Residents will receive additional updates as the project progresses.

Hours and days of construction are Sundays through Thursdays from 8:30 p.m. to 5 a.m.

For specific questions about the Pipeline South Replacement project, call 619-533-4207.

MAKING SENSE OF INVESTING

Historic designation denied for Nati's

By DAVE SCHWAB | THE BEACON

An attempt to have recently closed Nati's Mexican Restaurant building at 1852-1866 Bacon St. in Ocean Beach declared historical failed by a 7-2 vote on June 28 at the City's Historical Resources Board.

The preservation effort was spearheaded by Obecians and Save Our Heritage Organisation (SOHO), a private, nonprofit historical preservation group formed in 1969.

With two members absent, it was La Jolla attorney and HRB board member Courtney Coyle's motion in favor of historically designating the Nati's property that was defeated.

Coyle's motion: "... that 1852-1866 Bacon St. be designated as resource that exemplifies a special element of OB's economic, aesthetic, and social development, with a period of significance of 1955-2018. ... The resource also reflects OB's aesthetic development, illustrated by the artistic arrangement of contemporary style features such as double slant roofs, practical use of materials, and design intent ... with the

quirky charm and pedestrian scale associated with OB. The resource reflects the social development of OB as a landmark resource on a prominent and busy corner, relevant both for meet-ups with friends and also as a way finding feature when giving directions. Despite alterations, the resource has sufficient integrity to convey these special elements of OB's development."

HRB staff had recommended against designating the one-story Nati's commercial building on the corner of Bacon Street and Niagara Avenue as historically significant and part of a constraints analysis for future development.

"The subject property buildings have undergone numerous alterations since their original 1955 construction," summarized the HRB staff report. "In 1956 ramadas were added to the northeast elevation of the southwestern building ... Other modifications to the building include the addition of a 1956 showroom ... the addition of an attached storage shed ... the addition of a wood and brick patio ... and the removal

of the original stylized signage and replacement with a new sign of a differing design (post-1966)."

The HRB report concluded Nati's building's contemporary style "was ubiquitous in San Diego during the 1950s and 1960s as a style for commercial buildings and streetscapes."

"It's unfortunate," said Amie K. Hayes, history resources specialist for SOHO of HRB's decision not to designate Nati's as historical adding, "There isn't an appeal for (historical) non-designation."

Hayes pointed out, however, that "we don't know that demolition (by new owners) is the goal, so it is possible the building may still be around."

Hayes characterized Nati's as being "an iconic structure in OB. It is unfair that it wasn't designated."

Rumored to be interested in acquiring the former Nati's OB parcel, the owner of Pop Pie Co. in University Heights at 4404 Park Blvd. would neither confirm nor deny interest in the property, saying only that a press release would be issued soon on the matter.

OB Shop & Dine Rewards Card offers discounts for shopping

A new program to support community businesses has launched in Ocean Beach. The OB Shop & Dine Rewards Card promotes small, locally-owned businesses and encourages customers to shop local. The card, which sells for \$30, will give cardholders discounts at any participating local business through 2018.

"We want our customers to remember us and come in as often as possible," said Joe Ueno, owner of Sapporo Japanese Restaurant, which offers 15 percent off drinks and food to card-holders.

The Ocean Beach MainStreet Association (OBMA) started the program earlier this year and launched the card at the Ocean Beach Street Fair and Chili Cook-Off. The funds raised from sales of the rewards card will go towards community beautification and

safety programs, which help create an inviting shopping district in the heart of Ocean Beach.

Participating businesses include: OB Surf Lodge, Raglan Public House, South Coast Surf Shop, Apple Tree Market, OB Brewery, Sapporo Japanese Restaurant, Newport Quik Stop, The Electric Chair Salon, Mother's Saloon, OB Kabob, Hummus Mediterranean Kitchen, and Voltaire Beach House.

To purchase a card online or see what deals are offered, visit oceanbeachsandiego.com. Cards are also available for purchase at the OBMA office located at 1868 Bacon St., San Diego.

Hours are Mondays to Fridays, 9 a.m. to 5 p.m. Online purchases will need to be picked up in person at the office. For more information, contact the OBMA at 619-224-4906.

Jennings House returns to Point Loma

By JUDI CURRY | THE BEACON

The Jennings House is returning. Built in Point Loma in 1886 by Frank Jennings (San Diego County Sheriff), it has been a residence, a boarding house, a mercantile, a restaurant, a bistro and a coffee-house.

Finally, after more than 20 years as the The Living Room, it is being returned to the original name, replete with daily specials. The last week of The Living Room was June 24-30, and the celebratory week of the return to Jennings House will be July 1-7.

It is interesting to note that when Cathy Gallagher, managing partner for Cabrillo Ventures, LLC, purchased The Living Room in February 2017, they were completely unaware of the history of the building.

They had no idea that it was the first historical area home to be put on the San Diego Historical register from the Point Loma area. (It was the ninth overall.) Several of the Jennings family still reside in the area and are still active today in the community and surrounding areas.

There are great plans ahead for Jennings House Cafe. The biggest change will be in the back deck that is being remodeled now and should be completed in time for the grand opening.

The Jennings House Café is replacing The Living Room this month. JUDI CURRY / PENINSULA BEACON

Defense attorney Greg Turner said it was possible Hillyer panicked at the time. He said earlier that Hillyer wanted him to tell reporters “his thoughts are with the other person and his family.”

There are no charges that allege he was driving under the influence of alcohol or drugs.

Hillyer's Subaru had a smashed windshield and was found in front of a house on Orchard Avenue in Ocean Beach where he was living at the time. He was arrested May 7.

Kakawa Coffee to hold grand opening on July 14

By JUDI CURRY | THE BEACON

I just spent the most delightful half hour with two of the newest entrepreneurs in the Point Loma/Ocean Beach area. I was so surprised to hear that they had opened on May 5 because I am in the area frequently and was not aware they were here. Who are they, you ask?

Maria and Gladys have opened a unique new coffee shop, featuring a variety of coffees such as espresso, Americano, Cortado, and more; "crafted coffees" including mocha, white mocha, Mexican mocha, Mayan mocha and Arabian mocha; "brews" featuring house brew, cold brew and nitro brews; and they even offer a delicious "dessert coffee."

Their prices range from \$2.75 to \$5.50. Also on the menu are lattes, hot chocolate, green tea, macchiato, etc. The smells that wafted though the small restaurant were excellent.

And if you are hungry, they also offer sandwiches, pastries, and bottled beverages. They are working with their bakery to soon offer gluten-free products.

"Kakawa" is an Olmec word meaning cacao or chocolate. That explains why their passion is authentic and chocolate is infused in so many of their drinks.

They are having their grand open-

Amid community pressure, Prince Recycling Center on Voltaire St. closes

By JUDI CURRY | THE BEACON

I recently took my plastic bottles, my glass bottles, and my aluminum cans to the recycler only to find that June 30 was their last day of business. With Prince Recycling Center closing, I know that my recycling efforts will be changing – drastically.

In spite of being a strong environmentalist, I doubt if I will be as diligent about saving the recyclables if I do not have an outlet to turn them in.

I heard that the homeless were causing problems at the recycling center and that is why it was closed. I tried to find incidents of crime attributed to these people, and was not successful. Homelessness is a problem all over San Diego; it doesn't matter if there is a recycling center nearby or not.

I also saw the suggestion made to the community that they would stop shopping at the local market – Stumps – until the center was

gone. That only made me shop at Stumps more, and I never had an encounter with a homeless person. Yes, they were there; taking the money that they had received from helping to clean up the environment to purchase food. I was also at Ralphs last week, where I saw a homeless person shoplift some food and the manager of the store called the police. Shoplifting is not indigent to Stumps.

The people of California passed

the “Bottle Bill – No. 2020” in 1986. It states that if you charge people for “convenience items” you must provide a “convenient” place to take those items back. Hence the development of recycling centers. (Do you remember taking bottles back to the supermarket to get some change to spend on other goodies? I do.)

While I was in line today, there were seven people ahead of me. Not one of these people was home-

less. We all talked to each other and lamented the fact that the nearest recycling center is over by San Diego State College. We talked about how much we would spend on gas to take our recycles there and how little we would be receiving in return.

Matt, who has worked there for two years, was asked what was going to happen to him. “I imagine I will have to look for a job,” he said.
