Point Loma High raises the curtain on new Thespian Society

By DAVE SCHWAB | THE BEACON

Student theater has been resurrected at Point Loma High School. Aspiring student thespians banded together recently to form the Point Loma High School Thespian Society. The new group was spearheaded by student president Emma Nickel, who has had a passion for theater since seeing her first show, "Annie," at age 3.

The first production of the school's fledgling Thespian Society, "Inherit The Wind," a 1955 play about the 1925 Scopes "Monkey" Trial, which resulted in John T. Scopes' conviction for teaching Charles Darwin's theory of evolution, was held Feb. 24 and March 3 in the high school's campus theater.

"For generations of San Diegans, the culmination of senior year at Point Loma High School was the annual 'Zeiger's Show' in which 60-plus students would take the stage," said Robert Nickel, a Point Loma Playhouse board member who directed "Inherit."

"Yet, for more than three years, the performing arts center at PLHS that bears Larry Zeiger's name has stood dark. Three-fourths of the current student body has never seen a show at the school, leaving decades of tradition at risk of being lost forever."

Zeiger retired from the faculty

of Point Loma High School in 2007 after 33 years of teaching cinema arts, musical theater, and language arts. Zeiger co-wrote and produced 33 musicals, one for each of the years that he taught. His "Gotta Sing Gotta Dance" company may be the longest-running musical theatrical group in San Diego County schools, having had over 3,000 student participants, with more than 60,000 people attending the performances.

Kevin Mahoney, a PLHS instructor, overcame a stroke last year to help kick-start the student society and spearhead their first theater production. "I am the sponsor, I started this ball rolling," Mahoney said, adding their

new theater group has been well received. "Most of the teachers are so excited about the thespian group starting up," he said noting 'Inherit The Wind' originally had 32 cast members. "But we did it with 12," he said.

Mahoney noted "Inherit The Wind" was chosen because of its social relevance and historical importance. "Scopes does lose in the end, but he (actually) won; it was a victory for the culture-at-large," noted Mahoney. "[Evolution] was out and talked about and most of the country supported him."

Of the importance of theater, Mahoney said: "As human beings, we all have a commonality of suffering and desires, things

that go right – and wrong – in our lives. When we watch it on stage unfolding, it allows us to examine our own lives from afar, and have deeper, more profound, thoughts about our own existence."

Concerning PLHS Thespian Society, Mahoney noted: "Now that they're spreading their wings and taking flight – it's really fun to watch."

Thespian Society president Emma Nickel talked about reviving a student theater tradition that had almost lapsed. "During COVID the program stopped," she said. "But we made a strong comeback this year. I wanted to bring it back and do some shows."

Asked about her interest in theater, Nickel responded, "It's a really good bonding experience and good for making friendships because you are all in the same place at the same time working toward one goal: making a piece of art and doing something for other people. You get to spend time with interesting people and tell stories."

Though uncertain if she wants to pursue theater as a career, Nickel intends to definitely pursue doing local theater because "it's really good for building self-esteem and confidence."

FESTIVAL OF LIGHT**Drone light show to replace fireworks**

Luminosity, a nonprofit organization in Ocean Beach, recently announced their collaboration with Global Drone Network (GDN) and Skyworx Drone Shows to bring a drone light show to the beach community for the Fourth of July.

The drone light show is set to take place just north of the Ocean Beach Pier, where thousands of attendees are expected to watch the magnificent display of lights in the night sky. On the ground, the Luminosity Festival of Light will complement the drone light show with experimental light-based installations and projection mapping to create an immersive experience. The light projects will draw spectators to locations along the beachfront and the Newport Avenue and

Voltaire Avenue business districts.

"With fireworks no longer able to be staged off the Ocean Beach Pier due to structural issues, coupled with environmental concerns and the negative effects fireworks have on pets, wildlife, and individuals who have PTSD, a change was needed," stated Mike James, Luminosity founder and longtime Ocean Beach activist. "We believe that the Luminosity event will set a standard for communities looking to move away from fireworks."

"We are excited to bring this innovative and exciting drone light show technology to the Luminosity Festival," said Roy Laughlin, COO of GDN. "Together with our incredible producer, Skyworx, we will make this show an unforgettable experience for

everyone in attendance."

"Skyworx is thrilled to team up and produce this amazing event with GDN," said Taylor Woodall, CEO of Skyworx. "Our world-class team of engineers, pilots, and artists are excited to showcase our stunning combination of innovative drone technology and immersive design to bring an unforgettable experience to the Ocean Beach community."

Luminosity was created to find an alternative to the previous annual Fourth of July fireworks in Ocean Beach. The organization has recruited dozens of Ocean Beach and Point Loma residents with decades of community service and event planning experience. Committee members include art, marketing, festival lighting, and fundraising experts.

OB MAN GETS 15 YEARS

An Ocean Beach drug dealer who caused the overdose death of Tyber Lustig of Pacific Beach has been sentenced to 15 1/2 years in federal prison. Lustig, 30, was found dead lying on the living room floor in his Pacific Beach home by his father, Jay Lustig, on Dec. 12, 2021, his father said in a video for the Tyber Lustig Foundation he and others created in response to his son's death.

Tyber Lustig had taken a counterfeit Oxycodone sold to him by Alexander Michael Randise, 29, that also contained fentanyl. Jay Lustig said in the video his son did not know it contained fentanyl. His father said in the video his son was found still holding a dog leash and was about to take his dog for a walk after just purchasing a sandwich when he was stricken.

U.S. District Court Judge Janis Sammartino ordered Randise to pay \$34,324.71 in restitution to Jay Lustig for funeral and burial costs, according to court records. Assistant U.S. Attorney Adam Gordon recommended the 15 1/2 year term that Sammartino imposed while Randise's lawyer asked for 12 years. Randise pleaded guilty to possession of fentanyl with intent to distribute.

"Fentanyl has taken so many lives. Our community lost another bright and extremely

talented young man to this epidemic," said U.S. Attorney Randy Grossman.

CARDIAC NURSE GETS JAIL TERM IN 2 VEHICULAR DEATHS

A cardiac nurse who killed a vacationing Canadian couple in Point Loma surrendered on March 6 to start his 180-jail term for vehicular manslaughter. Alcohol was not a factor in the crash, but excessive speed on North Harbor Drive was.

Kevin William Thomer, 36, listened on March 3 to the sentencing concerning the Jan. 19, 2022 deaths of Jerome Zimmer, 71, and Madelyn Zimmer, 69, of Alberta, Canada. Thomer was booked into the central jail on March 6 after his surrender and the sheriff's department said his projected release is set for May 25. Deputy District Attorney Paige Woodward asked San Diego Superior Court Judge Daniel Goldstein to impose one year in jail, but without work furlough or house arrest.

Woodward said Thomer drove his vehicle at 75 mph in a 45 mph zone in the 5000 block of North Harbor Drive where the couple was killed. They were not in a crosswalk as they crossed the street at 5:55 p.m.

"He was driving too fast," said Woodward. "Their lives are worth something. He's still minimizing his conduct."

Four children of the couple spoke at the sentencing, with one daughter telling the judge "every day is a struggle." "I'm so angry. Their deaths are the first thing I think when I wake up and the last thing I think when I go to sleep," said Carmen Zimmer. "One year in custody is not enough."

Goldstein told Thomer he should have not been speeding in an area he was familiar with and that he knew contained hotels. Goldstein said Thomer drove in an angry manner. "Your conduct is the main cause of this homicide," said Goldstein.

SNAPCHAT DEFENDANTS GUILTY

After 12 hours of deliberations over three days, a jury convicted two men on Feb. 27 of first-degree murder in the shooting death of a Point Loma man who contacted them via a Snapchat app.

The mother of Eduardo Salguero, 18, was in the audience to hear the guilty verdicts against Angel Garcia, 20, and Armando Silvestre Alvarado, 21, both of San Diego. The seven-man, five-woman jury found the special circumstance true that both men committed a murder during a robbery, which means they will both be sentenced to life in prison without the possibility of parole.

Community planning groups now required to meet in person

By DAVE SCHWAB | THE BEACON

California's COVID-19 State of Emergency lapsed on Feb. 28 and community planning groups will now be required by the Brown Act ensuring open public meetings to begin meeting in-person only.

Under the new guidelines, such groups may only conduct hybrid or remote meetings under special circumstances. There is also a state bill pending in the legislature, Senate Bill 411, that would allow advisory groups to host hybrid (in-person and remote) meetings. However, this bill has yet to be adopted.

"The Brown Act does not contain a grace period, so these changes take effect immediately," said Nicole Darling, director of the City's Communications Department. "City boards, committees, and commissions must comply with the open meetings requirements of California's Ralph M. Brown Act. The Brown Act's provisions concerning so-called 'hybrid' meetings will be in effect, resulting in changes from current practices. Among them: members of boards, committees, and commissions will not be able to attend meetings virtually except in specific circumstances, and virtual

attendees will not count toward the number of members needed to attain a quorum."

"The emergency provisions of the Brown Act related to virtual meetings (i.e. by teleconference) will no longer be in place and all CPG meetings will need to be either conducted in-person or comply with Brown Act requirements for virtual meetings," said City deputy planning director Tait Galloway in a letter to City staff dated Feb. 16. "Starting March 1, all CPG meetings, including standing subcommittee meetings, are to be conducted under the Brown Act as they were prior to Governor

Newsom's COVID-19 declared state of local emergency. CPGs will need to secure an accessible physical meeting location or comply with the requirements for the Brown Act for virtual meetings."

Brown Act requirements of CPGs include:

- Posting agendas at all teleconference locations containing information about the meeting, including the street address of all teleconference locations.
- Allowing the public access to all teleconference locations. A teleconference location is a physical location where a CPG member is attending the meeting virtually

such as a home or office.

– Allow the public to make public comments from each teleconference location.

– All votes are to be taken by roll call.

CPG members attending virtually will need to disclose their teleconference location on the agenda and allow public access to their location, including giving personal addresses. CPGs are responsible for providing all necessary technology to conduct a teleconference meeting at all teleconference locations.

A Feb. 9 tie against University City left the team with a league record of 1-6-1 (5-10-2 overall) before fortunes reversed and the team finished 10-10-2.

Div. I playoffs began and the No. 5 seed Pointers made quick work of No. 12 Escondido with a 6-1 win. Next, they knocked out No. 4 Coronado 4-3 in penalty kicks following a scoreless game. Then it was No. 1 Torrey Pines that stood in the Pointers' path. The top-seeded and host Falcons fell 1-0 on a late goal by junior Ethan Denney to send his team to the title game

against the No. 2 Red Devils (11-8-3 overall, 4-1-1, first place in Metro Mesa League).

Both Mother Nature and the soccer Gods must have noticed the Pointers' re-birth because not a drop of rain fell nor was the wind a factor at CIF's selected host pitch at Torrey Pines High's Ed Burke Stadium.

In the first half, a Red Devil shot tore across the goal mouth where junior Pointer defender Anderson Kelly kicked it away from another Red Devil waiting to tap it in.

And then the Pointers struck. During a scramble moments later in front of the Sweetwater goal, sophomore Fin Rohnow was able

to boot the ball into the net on an assist from Kelly, the only goal of the first half.

Just moments into the second half, senior Marko Alonso kicked a corner ball out to junior Eduardo Brito, stationed near the sideline about 80 feet away from the Red Devil goal. Unmarked, Brito struck a long ball into the air that appeared headed away from the far side of the net. But the spinning ball curved midair into the upper corner of the net in what could only be termed a "bend it like Beckham" shot for a 2-0 Pointer lead.

"I wasn't sure whether to pass the ball or shoot it," Brito recalled, "But I saw the goalie playing a bit

offline so I thought 'Maybe I have a try' and I got it to go."

For the next 38 minutes the Red Devils struggled mightily to score but the Pointer defense held up time after time, allowing junior Pointer goalkeeper Owen Purvis to complete his shutout of every opponent throughout the playoffs. (The goal by Escondido was scored against Purvis' backup).

Further frustrating the Red Devils was the final Pointer score, again coming during a 63rd minute traffic jam in front of the Sweetwater goal before Denney, on another assist by Alonso, drilled the ball into the net for the final score.

The team's turnaround

rewarded Savitz with his third CIF championship, the others coming in 2016 and 2018. He praised his players after the match, noting how the return of several injured players aided the team's success.

Denney knew his teammates were talented.

"We knew all along that we had a solid team," he said. "We just had to put it together at the right time to win this championship."

Brito added, "Definitely just understanding how the boys play. Working off each other, building the chemistry and we got some key players that stepped up. We are the champions!"

The Rosin Box Project to present female-led 'Empower' to open season

The Rosin Box Project, San Diego's premier contemporary ballet company, is opening its 2023 season with "Empower," a trailblazing female-led program coinciding with Women's History Month featuring three new works choreographed by resident artists Lauren Flower, Bethany Green, and Carly Topazio.

The program will be presented at The Light Box Theater in Liberty Station; performances are Thursday, March 23 through Saturday, March 25 at 7:30 p.m. Receptions will follow the March 23 and 24 performances, giving attendees the opportunity to meet and mingle with the company artists.

An Artist Talk-Back (Q&A) will follow the March 25 performance, allowing the choreographers to speak about their work in more detail. In addition, a special immersive-performance-style event featuring Green's new work will be presented on Monday, March 27 at 7:30 p.m. There will also be a virtual stream of the program on March 25 at 7 p.m.

TRBP thrives on expanding the definition of what dance is — who it's made for and by — while presenting world-class dancers and choreography in an unfiltered and authentic space. "Empower" spotlights female choreographers that are

evolving the art form with their own unique artistic voices.

Green constantly blurs boundaries between dance and theater in dramatically driven works that are embedded in the exploration of the human experience. As a choreographer, she creates atmospheric, cinematic works that offer performers a space to emphasize the journey of real-life situations, emotions, and encounters.

Flower first created for TRBP in 2021 as a guest choreographer premiering her work, Seen, for film and stage as a part of TRBP's 2021 August Series. Since then, Flower became a resident artist with TRBP in 2022, and now will be presenting her second commission for the company.

Flower describes her choreography as a 'need' to create and express intimate and often overlooked personal and emotional experiences. As a pioneer and advocate for exploring movement and interactions within choreography beyond the classically accepted gender binary, Flower's work is anything but conventional, brimming with an ever-needed refreshing take on human connection.

Artistic director and resident artist Topazio can best be described as an abstract storyteller always in pursuit of sincere and human expression.

Her detailed and often athletically charged choreographic language is informed by the world around her, which allows her to draw inspiration from a myriad of sources including personal conversations and experiences. Tickets are available at therosinboxproject.com/empower-2023.

Over the past four seasons, the company has cultivated consecutive sold-out performances, national and international recognition, collaborations spotlighting and championing

female and LGBTQ+ artists, their own immersive and interactive ballet performances (both in-person and virtual), a program of all world-premiere works each season, engaging education and outreach programming, multidisciplinary collaborations across art mediums, and has managed to fuse imagination with technology to create multi-sensory experiences across a variety of platforms. In 2019, TRBP was officially incorporated into a nonprofit arts organization.

We had a piece of property that presented Brian with complications and a sales challenge. We were surprised and pleased that Brian was able to handle each event to our advantage as it came up. He went beyond what I've normally experienced with real estate brokers. He gets our highest recommendation. - Dale D.

"Brian was an excellent Realtor to work with in the sale of a house being offered through a probate estate scenario. He listened to what the desired outcome was for the sale and he delivered! Brian's depth of Real Estate knowledge and network of related professionals helped make the transaction successful for both the buyer and for us as the family selling the property." -Diana H.

St. Paddy’s O’Beach expands to two days in OB

By DAVE SCHWAB | THE BEACON

Point Loma residents and their guests will be seeing green from 1-11 p.m. on March 17 and 18 at the second annual St. Paddy’s O’Beach party, a two-day Irish-themed festival in Ocean Beach arranged by the producers of Oktoberfest.

“We are really creating a festival experience and pride ourselves on not being a traditional St. Patrick’s Day event,” said Heather Hudson, Irish holiday event organizer for the second year who added, “It’s St. Paddy’s Day with a twist – a really big concert and party at the beach.”

The inaugural St. Paddy’s O’Beach Party a year ago was so successful, Hudson said they opted to extend it to two days, which allowed the event’s festivities to be beefed-up. “We are really promoting local bands and the musical element,” she pointed out.

Reggae rock band The Expendables, along with a handful of other well-known bands, are set to perform at the Irish fest. “We are bringing in headliners up and down the coast that truly embody that Southern California lifestyle,” noted Hudson.

One of those Southern-California lifestyle bands appearing at the two-day affair is Half Hour Late. The band’s album, “Busy Chillin,” is in the running for "Best Pop Album" at the San Diego Music Awards. An OB-based group, Half Hour Late is led by the Musical Dring Boys – Riley, Kasey, and Karl on harmonica – along with bandmates David Pozay and Zac Stillwater. They will be performing Friday, March 17 for an hour starting at 4:30 p.m.

A Montreal native, Pozay gradually worked his way in his van down the coast ending up in OB where he met his sweetheart who introduced him to the Dring

brothers and Stillwater. “We became friends and started jamming together in a shed,” Pozay said adding forming a band “just happened organically for us. We began performing at The Holding Company. Since then, we’ve cut our first album, which got nominated as best pop album at the San Diego Music Awards.”

Pozay characterized Half Hour Late as a rock ‘n’ roll band but added, “We all come from very different influences, mixing a bunch of different genres and sounds.”

Pozay added the Drings are influenced by their dad, Karl, a “blues man” who plays harmonica, among other instruments. “He’s going to be sitting in with us a lot at the St. Paddy’s Day show,” said Pozay adding the band played at OB Oktoberfest last fall noting it was “memorable.”

New law- “Three Feet for Safety Act”

Electric bicycles are more popular than ever, especially in our beach communities. My e-bike is my main mode of transportation and I love being able to get some exercise & enjoy the sunshine during my daily commute. A new bill was recently passed, AB 1909, which amends the California Vehicle Code & provides increased safety measures for cyclists. Vehicle Code § 21760 was amended to incorporate the “Three Feet for Safety Act” which requires motor vehicles that are passing cyclists to do so at a distance of at least 3 feet from the cyclist. A motor vehicle passing a bicycle shall, if another lane of traffic proceeding in the same direction is available, make a lane change into another available lane before passing the bicycle. Happy cycling!

For those who don't qualify for medical-aid-in dying, voluntarily stopping eating and drinking (VSED) is an alternative method for mentally competent persons to hasten the end of life.

Hear from Kate Christie, author of The VSED Handbook, Nancy Simmers, a compassionate death doula, who will share their first-hand experience with VSED, and Dr. Donale Moore, MD. end-of-life care physician. Questions welcome.
